how to apply for a

The Western Australian Science Fiction Foundation's charter is to foster interest in science fiction within Western Australia.

If you have a project which you think fits this goal, you may be eligible for a new grant of up to \$500 that WASFF is offering.

the rules

If you receive a WASFF grant, you will be required to follow these rules. You must:

1. submit a formal budget and timeline to the WASFF board as directed.
2. consult with the WASFF board on the appropriate use of the WASFF logo.
3. attend WASFF meetings as requested, and report regularly on your progress until you've wrapped up your project.
4. spend the money on the project you described to WASFF in your application. If you don't, you have to pay the money back.
5. show you've spent the money by producing the receipts, reports, and invoices as appropriate.
6. submit a final report to the WASFF board within six months of completing the project, with the expectation of its release at the next Annual General Meeting.

how to apply

To apply, simply fill in the application form on the other side of this page, and then either email it to <wasff@sf.org.au>, give it to a member of the WASFF board, or post it to:

WASFF
GPO Box G429,
Perth, WA, 6841.

You must fill in each section of the form, and you must sign and date it, or it won't be valid. You don't need to attach a formal budget to the application form—a rough estimate is enough. If you are awarded the grant, you will be expected to present a budget and timeline at the next appropriate WASFF meeting.

To find out more see the WASFF web site: <http://wasff.sf.org.au>.

The allocation of grant money by WASFF will depend on the Foundation's financial situation and the suitability of proposed projects. Amounts other than \$500 will be considered, depending on the merits of the project. WASFF reserves the right to refuse applications for grant money at any time.
